

SERIES T325I, T350I, & T450I TERRASTILE ENTRANCE DOORS

Single leaf - Inswing or Outswing • Pair - Inswing or Outswing
You can find a combination of beautiful style and durability in this quality terrace door. EFCO TerraStile™ doors are ideal for high rise residential, condominiums and hotels, and are designed for ease of operation without compromising security and performance. Also, the E-Strut™ thermal isolators in the stile rails and frame allow dual finish capability.
